## I NEED YOUR HELP!

For those of you who read both of my books in this series, I'm in need of your advice about the possibility of going forward with the third book in this trilogy. Are you interested? Would you like to see me proceed? How much have you enjoyed the first two volumes? I'm grateful for your support, and will be very influenced in this decision by your comments. Please submit them to the list of reviews that you will find at the website for "The Black Devil of Damavand" found on Amazon.com. I am looking forward to reading your inputs.

1. "The Lansing Effect"

2. "The Black Devil of Damavand"
